

Invacare® 9000 XT wheelchair is a high performance, low maintenance and low total lifetime cost product. The 9000 XT wheelchair is simply the most versatile lightweight wheelchair available from Invacare, boasting an extensive offering of frame styles, seat-to-floor heights, back styles, widths, depths, frame colors and a wide range of options and accessories. The 9000 XT wheelchair components are interchangeable with all other 9000 series and Tracer® series chairs.

The super-hemi (single-axle) seat-to-floor height is achieved with 22" rear wheels and 6" casters. A 13.5" seat-to-floor height is achieved with 20" rear wheels and 6" casters.

9000 XT wheelchair with offset axle and adjustable angle caster will allow additional seat-to-floor heights and increase seating and positioning capabilities. Offset axle offers center-of-gravity adjustment which increases maneuverability and stability.

Features

- Stylish, contemporary carbon steel frame with aluminum crossbraces
- Multiple frame color variations for customizing
- Dual axle positions allow variation of seat-to-floor heights
- Offset axle position allows adjustment of center-of-gravity to increase maneuverability or stability to meet each user's skill level
- Urethane rear tires mounted on "no flex" wheels offer superior performance
- Urethane casters for better ride and lighter weight
- Adjustable caster journal can be used with or without offset axle option (Refer to service manual for a complete list of seat-to-floor heights and angles that are reconfigurable only by the provider)
- Flame-retardant upholstery resists mildew and bacteria, as well as cold-crack and UV damage
- Meets RESNA standards for manual wheelchairs in product performance
